

Momentum acquires Gathering Asset

Wednesday December 5, 5:25 pm ET

HOUSTON, December 5 – M2 Midstream LLC (Momentum) today announced its wholly-owned subsidiary, M2 Fairplay, LLC, has purchased the Fairplay Gathering System in East Texas from Fairplay Midstream, L.P. for an undisclosed amount. The gathering system, located in Rusk, Panola and Gregg, Counties, Texas includes more than 212 miles of pipeline with a current throughput of 110,000 MMBtu's per day. Producers delivering into the system have the flexibility of delivering into seven off system locations. By spring 2008, Fairplay is anticipated to have the capacity to move more than 200,000 MMBtu's of gas per day, and provides valuable market options to producers previously lacking such outlets.

Momentum is one of America's fastest-growing natural gas midstream service companies, with more than 47 employees in offices in Houston, Texas, Durango, Colorado, and Henderson, Texas. Momentum prides itself in providing reliable and flexible solutions to its gas producing customers. For more information about Momentum, please visit www.m2midstream.com.
